

The **New** SwimEx AquaTrek construction free underwater treadmill. The ideal Solution for offering Hydrotherapy without adding a pool!

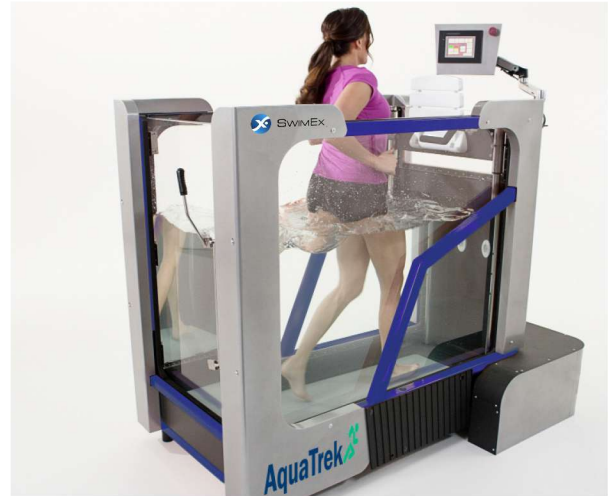

- Small footprint – minimum 150 sq ft needed
- Challenge the competitive athlete
- Safe and comfortable for older clientele
- Inward opening door is ideal for tighter spaces
- Forward or reverse treadmill direction
- Two resistance jets
- Reliable and quiet energy efficient pumps
- Large touchscreen controls – up to 100 different types of treatment sessions
- 3 year Warranty – best in business

**Seniors** ~ Offer an effective way to fight fall prevention, a major contributor to hospital admissions. Safe place to work on gait.

**Athletes** ~ Continue to stay in shape with less damage on joints.
